IOM beneficiary receives aid in Erbil on 3 September

Displacement Highlights

As violence and displacement continues across Iraq, IOM continues to deliver life-saving aid and displacement data in partnership with local and UN authorities.

Many of these families are currently seeking shelter in schools, mosques and unfinished buildings across Iraq. As this displacement is sudden, families leave their homes with little more than the clothes on their backs. In response, IOM distributes aid that includes non-food item (NFI) kits, which contain basic essentials such as mattresses, cooking supplies and hygiene materials.

On 2 and 3 September, IOM delivered aid to an estimated 9,030 displaced people. An internally displaced family told IOM staff at a distribution in Erbil on 3 September: "Thank you for this. We are happy with the beds; yesterday we slept on concrete in the schoolyard, so this is important. We are especially pleased with the gas stove. Now we can make tea and breakfast."

“ We are especially pleased with the gas stove. Now we can make tea and breakfast. ”

Within this two-day reporting window, IOM distributed NFIs and Women's Dignity Kits to 9 different sites across the northern governorates of Iraq, including Erbil, Kirkuk, Dahuk, Diyala, Qadissiya, Wassit and Sulaymaniyah. Utilising our rapid assessment and response teams on the ground and the information they provide regarding displacement in the Displacement Tracking Matrix, IOM continues to deliver aid in a timely and efficient manner to IDPs throughout Iraq.
