## Returns from Pakistan

A total of **4,410** undocumented Afghans spontaneously returned or were deported from Pakistan through the Turkham border (Nangarhar province) border crossing from 7-13 May 2017, according to the Border Monitoring Team of the Directorate of Refugees and Repatriation (DoRR).

Of the total returnees, 4,348 were spontaneous returnees in family groups and 62 were deported individuals. This is a **24% decrease** from the previous week ahead of an expected decline during the month of Ramadan, and brings the total number of undocumented Afghans returnees from Pakistan since 1 January 2017 to 55,421.

IOM provided post-arrival assistance to **98%** of undocumented Afghan returnees from Pakistan ( 4,338 individuals), including 994 single parents and 10 special cases. The assistance provided includes meals, accommodation, Non-Food Items (NFIs), onward transportation and referral services, as well as support from partners ( see Annex 1) .

## Border Closures

The Spin Boldak/Chaman border closed on 05 May due to cross border fighting between Afghan and Pakistani security forces in the area. Media reports that at least 42 lives have been lost as a result of the hostilities. Government representatives from both sides are presently in negotiations however the border remains closed as of 13 May 2017.

## Situation Overview

IOM is responding to a substantial increase in the return of undocumented Afghans from Pakistan and Iran. Since 1 January 2017, over 183,000 undocumented Afghans have returned due to diverse push factors, including deteriorating protection space in Pakistan. Most of those returning have lived outside of Afghanistan for decades, and will need support from the government and humanitarian actors both on arrival and as they seek to reintegrate.

As the rate of return is influenced by a number of political, security and other related factors both in Afghanistan and neighboring countries, another surge in returns could occur at any time. IOM estimates that approximately 600,000 undocumented Afghans could return from Pakistan and Iran in 2017, and is working to scale up its support to returnees in coordination with the Government of Afghanistan and other humanitarian partners.
