In all, the activities consist of:

- Selection of NGOs to work with local communities in sensitization activities in the regions of Mandiana and Siguiri precisely in traditional gold mine sites.
- Training of 8 agents in the use of new version/form for data collection of travelers at the FMPs at the Mali-Guinea borders.
- Up to date statistics of the 3 FMPs, i.e. total of **38,662 (44% Females, 56% Males)** have passed through the FMPs (b/t 13th Feb-15<sup>th</sup> June 2015).

IOM carried out activities to launch the new project (Umbrella Grant) in Forecariah. The project aims at working with local NGOs as well as targeted groups to enable their involvement in the fight against the EVD. As part of the launching activities and as in-kind-support provided by the project, IOM organized an information session with Transporters Union and market women groups and distributed Hygiene kits.

IOM will also carry out HHBM activities aimed at enhancing the EVD exit-entry health screening at the Conakry-Pamalap corridor which borders Sierra Leone.

## HEALTH AND HUMANITARIAN BORDER MANAGEMENT (HHBM)

As a means to further develop activities for safe migration and better health management, IOM continues to carry out activities at the 3 border Flow Monitoring Points (FMPs). Training sessions regarding Infection Prevention & Control (IPC) measures for security Officers have been carried out with emphasis on the tracking of suspected cases. So far, a total of **38,662** persons have passed through the three FMPs of Kouremale, Nafadhi and Niany and have been monitored.
